

efi REGGIANI COLORS

Digital Printer

for Direct Printing on Fabric

The spectacular
COLORS
your creativity desires

Master of COLORS and technology

EFI™ Reggiani COLORS: the new, unparalleled textile printer from EFI Reggiani, that will bring your creativity to the world in an explosion of color!

With up to 12 different colors in a row and 24 printing heads, you can extend your color gamut and depth, increase penetration and enhance printing quality and uniformity. Plus, the higher reliability and reduced maintenance of EFI Reggiani COLORS will ensure superior productivity with excellent printing results.

At a glance:

- **Up to 12 colors in a row**

- Extended color gamut
- Superior color depth
- Enhanced printing quality and uniformity
- Possibility to create your own color configuration with light, fluo and special colors

- **6 + 6 colors configuration**

- Superior productivity: can achieve same color depth at higher speed
- Higher reliability thanks to head redundancy

- **11 colors + chemistry**

- Increased penetration
- Superior fastness

- **Enhanced continuous ink recirculation system**

- **New printing software allowing real-time image processing**

- **Proprietary electronics**

Features

- 24 printing heads with full variable drop size
- Ink management: in-line continuous degassing and filtering
- Printing head crash protective system
- High-precision transportation belt
- Automatic substrate width detection, allowing image auto centering and margins set
- Dynaplast roll compensating step vs continuous movement
- Adhesion methods: thermoplastic, permanent, resin
- Embedded magnetic system for adhesive application
- Ink supply system with 12 lt tanks
- Belt washing: continuous, switchable and with air blade
- Integrated environmental sensor
- Ink system open to certified suppliers
- Possibility to monitor and export all printing and printer data to an external DB or ERP
- Software open to main RIP vendors

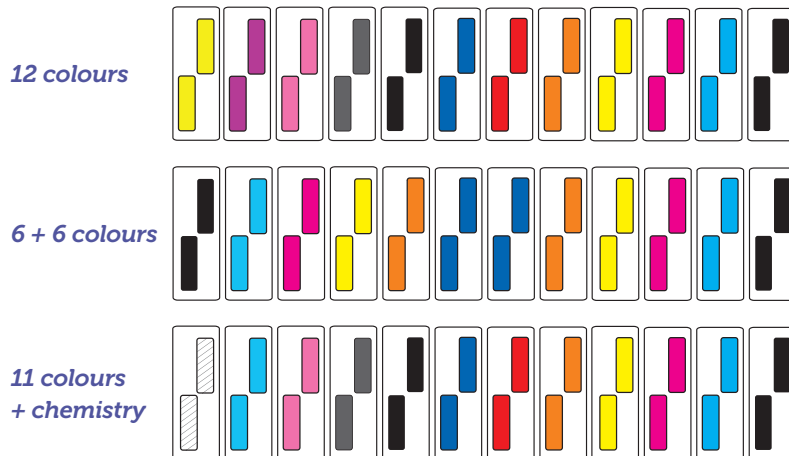

Advantages

- Quick set up time and superior reliability
- Reduced purging and maintenance needs
- Best handling and adhesion for the widest range of substrates
- Quick and tool-free head alignment
- More environmental conditions tolerant
- Easy access to main machine modules
- Suitable for 24/7 operation
- One operator can manage multiple machines
- Multiple customizations available

Improvements

- Higher uniformity printing modes
- Ink usage and speed prediction
- Head electronics in a fully enclosed protection cap
- Simplified print carriage layout
- Innovative and adaptive GUI with advanced queuing features
- Ink tanks integrated inside the printer

Several colour combinations available (24 heads, 12 each row):

Specifications

- Printing width 71-95-134 in
- Production speed up to 6,080 sqft/h
- Printing heads 24
- Drop size from 4 to 72 pl
- DPI up to 2400
- Fabric weight from 1.06 oz/sqft to 16 oz/sqft
- **Fabric feed (Entry):**
 - Small roll unwinder up to ø 16 in
- **Fabric take-up (Exit):**
 - Fold
 - Small roll winder up to ø 16 in
 - Fold and small roll winder up to ø 16 in
- **Dryer:**
 - One industrial chamber

Optional

- **Fabric feed (Entry):**
 - Big roll unwinder (A frame) up to ø 63 in
 - Fold
 - Segmented roller
- **Fabric take-up (Exit):**
 - Big roll winder (A frame) up to ø 63 in
- **Dryer:**
 - Additional industrial chamber

EFI Reggiani COLORS: regulatory model ReNOIR 180, ReNOIR 240, ReNOIR 340

EFI Reggiani COLORS 12 colors configuration*			
RESOLUTION	PASS	FT/H	SQFT/H
600 x 300	1	1,230	6,080
600 x 600	2	640	3,175
600 x 900	3	410	2,045
600 x 1200	4	312	1,560

* 6+6 configuration: double ink laydown at same speed
